# luke in the sky

People believe that when the water evaporates to go to the sky it stops for a moment in what are commonly called clouds, and then it falls back. But the reality is quite different. On the sky the people of the clouds live their life.

# Martina The Hermit

Martina is a young girl who has inherited from her grandmother the 'superpower' of talking to ghosts. Thanks to his typewriter every night she gets in touch with them...even if they are always their write first.
